AMERICLERKSHIPS
MEDICAL SOCIETY
WE MAKE DOCTORS | ACMEDICAL.ORG

We Make Doctors™

Since 2010, AmeriClerkships has been instrumental in helping doctors who are sponsored by governments abroad secure 316 positive Match outcomes.

AmeriClerkships' combination of services helps our members craft the most confident, experienced and presentable version of themselves.

Sponsored Doctor Enrollment Package Includes:

Medical Residency Branding:

At AmeriClerkships Medical Society (AMS), "**We Make Doctors.**"™ We see each of our members as individuals, and it is our mission to help you create a medical "brand" as unique as you are. **We will help you to stand out amongst thousands of other applicants**, because we know that first impressions are very important. We're here to help make yours a great one!

Residency Relevant Membership:

Membership benefits address most-all non-clinical aspects of your residency candidacy by optimizing an admission committee's **first impression** of your entire residency application package. As such, Membership is a requirement for all clinical enrollments because we believe that it is the **combination of Membership & clinical experiences** that will help you put your best foot forward.

Insured U.S. Clinical Experiences*:

AMS offers insured clinical clerkships to medical students & clinical experiences to medical graduates in **30 states**. With over **800 clinical sites & more than 50 specialties** to choose from, AMS members find access to clinicals ranging from Teaching Hospital Guarantees, to outpatient Community Healthcare Experiences, to mentorship by Residency Program Faculty... and with your unexpired membership, you are insured for as many AMS clinical blocks as you need.

1-on-1 Personalized Document Revisions:

No residency application is complete without effective documents that are personalized to each individual candidate. AMS' Career Advisors will help you present the best possible package **by working directly with you** to perfect your **personal statement, curriculum vitae and residency application**.

Residency Relevant In-Person & Live Events:

Our informative events provide professional insight on topics ranging from medical education gaps, to residency entry trends, to LORs. Visit acmedical.org/events to register for events; visit youtube.com/americlerkships and "**Subscribe**" to stay connected.

* Total duration for clinical sponsorship varies between 4 and 20 weeks, and depends on your sponsor and individual case. AmeriClerkships recommends a minimum of 20 weeks of insured U.S. residency relevant clinicals for an opportunity to secure up to 5 performance based letters of recommendation. Please contact your sponsor to negotiate the maximum amount of clinical sponsorship.

AMERICLERKSHIPS
MEDICAL SOCIETY
WE MAKE DOCTORS | ACMEDICAL.ORG

AmeriClerkships is a member-based society, and there are two phases to each sponsored enrollment: **Membership & Clinicals**

Steps to Membership

Becoming an AmeriClerkships member is one of the most reassuring steps you can take on your pursuit of becoming a practicing physician in the United States.

STEP 1

Sponsor Approval

- Every Sponsor has a different enrollment protocol. Chances are that AmeriClerkships has a working relationship with your Sponsor already, so please contact Ms. Nerissa Regnier at nerissa.regnier@acmedical.org for details.
- Some Sponsors may require that you inform them of your interest to enroll with AmeriClerkships. Ask them about their protocols for sponsoring you through AmeriClerkships. A letter of financial support addressed to AmeriClerkships (also known as a Financial Guarantee, or equivalent) is required.

STEP 2

Apply, Approve & Prepare

- Search for and Reserve your clinical blocks on myclinicals.acmedical.org.
- Personalized enrollment emails will guide you to finalizing your AMS Enrollment Process, clinical schedule and Enrollment Agreement. AMS is now authorized to finalize your enrollment and clinical selections with your Sponsor.
- Visit acmedical.org/2017/01/stepstomembership/ and familiarize yourself with "Steps to Membership"

Steps to Clinicals

Becoming Fully Enrolled Certified (FEC) is a time-critical phase of your enrollment which immediately follows your membership. In order to expedite this process, your AMS Health Career Advisor will walk you through the following steps:

STEP 1

Required Documents

- Visit acmedical.org/2017/01/stepstoclinicals/ and familiarize yourself with "Steps to Clinicals"

STEP 2

Orientation & Online Test

- View 2 videos, the 1st about Clinical Orientation, Acculturation & Expectations and the 2nd about HIPAA Patient Confidentiality, then read the materials for OSHA & Universal Precautions. Take the tests (password protected; will be included in your membership email).

STEP 3

Maintain Good Financial Standing

- Your Sponsor's financial sponsorship will cover all of your expenses in most cases. AmeriClerkships will provide you with financial clearance once all correspondences are complete with your Sponsor. We appreciate your full cooperation in encouraging your Sponsor to expedite all financial documents and payments.
